

COMPANY PROFILE

RELIABLE

AUTOMATIC DOORS SYSTEMS L.L.C

We would like to introduce ourselves as a fast growing Company in U.A.E in the field of Automation and Security Systems.

Since Established in **2004**, We mainly Concentrate on Automatic Systems including,

Automatic Parking
Barrier

Automatic Garage
Doors

Gate Automations

Automatic Rolling
Shutters

Sliding Glass
Door Operators

Swing Door Operators

Revolving Doors

High Speed Shutters

Turnstiles

High Security
Retractable Bollards

Access Control
Systems

Platform Screen Doors
(PSD)

Reliable Automatic Doors Systems has gained and successfully maintained a reputation as a reliable service provider as our name indicates. We have a team of highly skilled and qualified professionals to execute the maintenance and installation of above products. Our consistent dedication of providing quality service has raised the expectations for our customers. We provide maintenance service of all brands of automation products.

We also provide yearly maintenance contract.

We do not sell automations; we buy our customers faith.

We request you to register us as one of your standard suppliers / sub-contractors and would be very pleased to extend our fullest co-operation and expertise.

MAJOR CLIENTS & PROJECTS

With an Excellent after Sales Services and Customer relation we have gained the reputation of being one among the best service providers in the field of Automation.

To Thrive and Excel in an ever growing and competitive UAE market, these qualities have always helped us. Our savvy and well-trained technical team who are capable of handling almost all leading brands in market has helped us in successfully maintaining our valuable Client's Automation products on Contract bases and on various Projects.

Since established in **2004**, out of our Strong Project reference and Client list; Only Major Projects or Contracts successfully completed for at least 3 years referred here.
